- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

EDUCATION

Kırıkkale Universty

Electrician and Electrical
Engineering(Incomplete)

2019-2023

LANGUAGES

- English (Advanced)

PROFILE

I'm Oğuz, an electrical engineering student turned passionate programmer. Starting with C and C++, I found my calling in web development during university. I left formal education to focus on web development, diving into self-learning through Udemy courses and certifications. Building a robust portfolio, I honed my skills in creating dynamic and visually appealing websites. Now, I'm eager to bring my blend of creativity and technical proficiency to your team and contribute to impactful projects.

PROJECTS

Evently - Event Management Website

- Developed "Evently," a responsive event management website using Next.js, React, Tailwind CSS, and MongoDB.
- Implemented features allowing users to create, delete, and purchase tickets for events.
- Integrated user authentication and authorization functionalities for secure access.
- Designed a visually appealing and intuitive user interface to enhance user experience.
- Leveraged MongoDB for efficient data storage and retrieval.
- Project Link: <https://event-platform-nextjs.vercel.app/>

Frontend E-commerce Website

- Developed a fully responsive e-commerce website using HTML, CSS, and React.js.
- Implemented features enabling users to browse products, add items to the cart, and proceed to checkout.
- Designed an intuitive user interface with smooth navigation and interactive elements.
- Utilized React.js for efficient state management and component-based architecture.
- Ensured cross-browser compatibility and mobile responsiveness for seamless user experience.
- Project Link: <https://frontend-e-commerce-two-nu.vercel.app/>

Tech Heaven - E-commerce Website

- Developed a fully functional e-commerce platform using React.js, Next.js, Tailwind CSS, MongoDB
- Implemented user authentication, product management, and payment processing functionalities.
- Project Link: <https://nextjs-e-commerce-rosy.vercel.app/>
